

Hello,

I live in the area and I just wanted to send a note of love in case you are feeling unwelcome in light of what has happened this week. I hope you feel supported in this community. I send you light, peace and strength in this time. It is my hope that in standing together, we can spread more hope and kindness in this world.

With love,

MH

Hello!

Some local moms and I were discussing ways in which we could show support to our Muslim neighbors during this difficult time. I have looked at your website but my lack of understanding of your services and prayer schedule are making it difficult to determine a "popular" time when we could show our support.

If you would be kind enough to help me identify a good day/time we would love to show you our gratitude for the part your play in our diverse and peaceful community of many faiths.

Thank you so much!

Sincerely,
TP (and the moms of Apex)

Hello,

My name is SS, and I am sorry that I did not reach out sooner. I am a resident of Morrisville, and I wanted to just let you know that I am a friend and would be happy to support your community in any way that is needed. Otherwise, please know that I have been thinking of your community a lot in the last few days and holding you in my heart with love.

Please do not hesitate to let me know if my support or solidarity is needed in any way.

Love and Peace,

SS-Morrisville, NC

Asif,

I know we haven't checked in for several months, but with the recent election results...I felt urged to reach out. How are you all? How are folks in your community?

Know that I am thinking of you and we stand with you, brother.

Also, I seem to have misplaced your phone number. Mine is [REDACTED]. Please do let me know how y'all are and if there is anything we can do ok?

Pleading for Peace,
Pastor KM

Hello...

I recently shared some correspondence with a nice gentleman from your mosque whose name escapes me at the moment. I am a citizen of the town of Apex and have concerns regarding issues of tolerance in our state and country. I had asked to schedule a short visit to your mosque. Since then I have been traveling a bit. Now that I am settled I would like to come by. I only need about 15 to 30 minutes of your time.

Thank you
TG-Apex
